

## **ASBESTOS INFORMATION**

This is to inform you of the status of Lowpoint-Washburn District 21's asbestos management plan. As required, our buildings were inspected for asbestos. The AHERA law requires that a visual surveillance of asbestos containing areas be completed every six months, and re-inspection conducted every three years. The inspection/management plan is available for public review in the unit office. Should you have any questions, please feel free to contact me.

Parker Dietrich, Superintendent
